IOSH MANAGING SAFELY

Entry Requirements:

None

Target Audience:

Managing Safely is for those required to manage safely and effectively and in compliance with both their organisation's policy and best practice in Health and Safety. Managing safely comprises seven core modules requiring a total direct input period of at least 24 hours plus assessment time. The delivery can be spread over a convenient time span. One organisation-specific module may be added if required.

Certificate:

An IOSH Managing Safely certificate is awarded to all those who attend the course and successfully complete the written and practical assessments.

Course Contents:

Course includes safety management, reactive monitoring risk assessment and risk control, active monitoring, review and audit, health and safety legislation, hazards - general and organisation specific option. A number of written assessments must be completed.

Delivery Options:

4½ day intensive
1 day per week for 4 weeks
½ day for 10 weeks

Our next 4 day course is on 5th, 12th, 19th 26th Oct & 2nd Nov 2010

Cost

£495 plus vat (including workbook and IOSH certificate)
Refreshments are included each day.

CITB approved for levy payers
